

Archer Mathieson Finance

Executive recruitment & interim management

Archer Mathieson is the leading specialist executive recruitment company in the Thames Valley.

Typical Roles

We recruit on behalf of a diverse client portfolio for finance positions within the salary ranges of £60,000 to £150,000. Most of our business has been developed through targeted marketing, personal recommendation from existing clients and by achieving first class performance & service levels.

Examples of finance assignments:

- > CFO – Nasdaq quoted oil services sector
- > EMEA Finance Director – US software group
- > Director Group Reporting – FTSE pharmaceutical group
- > Group Financial Controller – FTSE 100 business services group
- > Head of Tax & Treasury – UK plc
- > Head of FP&A – FTSE 100 business services group

More about Archer Mathieson...

In addition to Finance our executive recruitment & interim management expertise extends to the disciplines of HR and Procurement and Supply Chain. For further information please visit www.archermat.com

'Archer Mathieson provided a quality shortlist of high calibre candidates on the back of a well managed process within a reasonable time frame. Their relationship building both before and after the assignment is what differentiates them and makes them a more effective recruiter as they get to know the softer requirements of the business, its culture and values. Non-intrusive post assignment contact also strengthens their ability to run with new assignments. Overall a delight to work with...'

Clive Watson

Group Finance Director, Spectris Plc

'Throughout the past decade my professional working environment changed and it has been great to see that Archer Mathieson successfully joined me on that journey, always able to support my strategic recruitment needs, either it being in the field of Electronic Components Distribution, the Medical Device Industry, or the Software and Contact Centre Industry I am in now'

Cees Van Der Vlugt

VP Human Resources, Convergys
