

## Archer Mathieson Interim IT

Providing specialist management level resources within IT infrastructure and systems.

### Typical Roles

Our client base is diverse in size and sector. It's also growing rapidly due largely to our commitment to long term relationships and our refreshingly honest approach. We specialise in securing senior interim IT professionals and are increasingly called upon to provide a more cost effective alternative to management consultancy services. Typical daily rates can span £450 to £1600 per day.

### Examples of IT assignments:

- > International Programme Manager – Infrastructure – Investment bank
- > Head of IT – Utilities
- > Programme Manager – Infrastructure – Global logistics
- > EMEA Oracle Programme Manager + Project Director + 3 Project Managers
- > Global Head of IT SOX – Pharmaceuticals
- > Project Manager – Systems – Global Private Equity
- > Change Programme Director + Manager – Acquisition Integration – Banking
- > Programme Manager – Global XP Migration – Banking
- > Programme Director – Systems – FTSE 40 firm
- > M&A Project Managers – New Business Integration – Global Travel Firm

### More about Archer Mathieson...

Beyond IT, our interim management and executive recruitment expertise extends to Finance, HR and Procurement & Supply Chain. You will find all our consultants specialists in their chosen discipline.
